

SWIVEL RING HANGERS and CLEVIS HANGERS

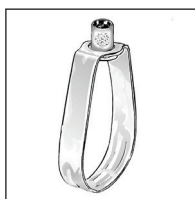

300 Series and 400 Series

The 300 Series of Swivel Rings and Band Clamps are used extensively in the fire protection industry and they are UL listed and FM approved. They also have many uses in the plumbing, mechanical, HVAC and refrigeration markets.

Globe Pipe Hanger Products, Inc. also carries standard and light duty clevis hangers. They are recommended for suspending non-insulated stationary pipes but are also available for copper plumbing and stainless steel.
